TUESDAY EVENING. SEPT. 22. THE IRON CROWN OF LOMBARDY. - This golden circlet, containing an inner ring made of the iron nails with which tradition alleges our Saviour was fastened to the cross, had been care ujy preserved for nearly twelve centuries in the town of Monza. All the Lombard Kings, and those who subsequently called themselves Kings of Italy, were crowned with this diadem. Menabres, now President of the Council of the Kingdom of Italy, went, in virtue of the treaty of peace, to take possession of the precious object, and carried it to Turin, to King Victor Emmanuel. Early in December of that year, Gen. Solaroli handed it over, by order of the King of Italy, to the Chapter of Monza.

The foreign journals, just received, announce

that, for the first time during the last ten years,

and in the Cathedral of San Giovanni, the fes-

tival of the Holy Nail, which ornaments this

celebrated Iron Crown, was celebrated from

September 6th to September 8th, at the city

il sacro chiodo-the boly nail. DISCOVERY IN ANAESTHETICS.—The great objections to nitrous oxide gas as an agent to produce insensibility to pain, have been the trouble and time it takes to prepare it, and the difficulty of transporting it from one point to

These objections have been obviated. The gas is compressed until it becomes liquid, un der which form it is retained in strong bronze bottles. When needed for use, a very small portion of the liquid is drawn off into a caoutchouc bag. After liquefaction the gas is found to be better adapted for its purposes than it was when first manufactured.
